

**presents a regional video marketing challenge for
Year 10 – 11 language students**

MARKETING IN THE MAKING

Wednesday 13th February, 2019

Oundle School, nr Peterborough

Overview

It is impossible to say how many companies are now trading internationally, as a simple website makes companies globally visible.

During our regular use of the internet we are bombarded with videos – they have become part of our everyday life, particularly for marketing purposes.

During the day, your students will be teamed up with a business. They must find out all they can about this business and produce a marketing video in French, German or Spanish. This is an opportunity for your students to put their languages into a business context in a fun environment, learning about what it takes to make a good marketing video and improving their employability skills along the way.

Outline of the day

The day will include:

- A video production challenge for which there will be a prize for the winning team

- Keynote talk by a business on what it takes to be a successful exporter
- An introduction to good film-making techniques

- An introduction to marketing concepts

During the day, Business Language Champions will be on hand to advise the students and help with language issues.

Who can take part?

You are invited to send one or more groups of **4 - 6 language students** to take part in our Marketing in the Making Challenge. The students may be from either **Year 10 or Year 11** and may be of mixed ages. Each team must have a common language to work in of **French, German or Spanish**.
